

Your perfect journey  
STARTS WITH A 2018 COACHMAN

# Welcome to the family

Being a family means sharing values, traditions, experience and knowledge. We put these principles into practice every day when constructing your Coachman caravan, so that you can make new memories on unforgettable family holidays.

The Coachman Caravan Company was established in 1986 with just 18 staff who hand-built 200 caravans each year in a small factory. Today a lot has changed; our team is almost 200 strong and uses state of the art technology and manufacturing techniques, to produce three ranges of fully bonded caravans. However, some things have remained the same; your Coachman is still carefully built by fully trained craftspeople, to the highest standards.

Therefore you can rely on our reputation for producing luxurious, reliable and practical caravans which offer high-end specifications and flexible accommodation.

Whether your travels take you on short breaks in the glorious British countryside, or sun-filled European adventures, the new models and layouts in our 2018 collection will allow you to find the perfect caravan to suit your lifestyle.

models

## Dean & Paul

### PRODUCTION OPERATIVES

“We’ve worked in the laminating department for 43 years between us; as brothers we make a good team. We use polyurethane and the latest techniques to make the sides for all the caravans that Coachman build. We’re really proud of the quality of everything we produce.”

## Andy

### QUALITY INSPECTOR

“All of our caravans are quality checked during manufacture, and every one then spends 48 hours on test row for their final checks. I’m the last person to see every caravan before it leaves the factory. I’m a perfectionist and I’m looking for the slightest imperfection.”

## Paul

### TEAM LEADER - LAMINATING

“My team use high grade, toughened aluminium and the latest production techniques to ensure all our caravans are finished to the highest possible standards. For me it’s all about attention to detail, the whole team take care with every aspect to produce a high quality finish.”

# Crafted with love

Your Coachman caravan is crafted with care by our experienced team. Attention to detail and the highest standards of design and construction are married with the latest materials and manufacturing techniques to produce stylish, practical and luxurious caravans.

We are proud to have many long serving members of staff whose knowledge and years of experience contribute to producing every Coachman to exacting standards.

We know that our customers demand the highest levels of quality and specification. That's why our expert designers continually refine our ranges and ensure that they always exceed expectations. All of which means you can relax and enjoy your travels in comfort, style and security.

Visit [www.coachman.co.uk](http://www.coachman.co.uk) for more information.

# ABC technology

You can relax in your Coachman caravan knowing there is no compromise on quality or durability.

Even so, our 2018 season caravans are all of a practical and competitive weight; by using innovative materials and our Advanced Bonded Construction techniques (ABC), we are able to ensure every Coachman is of the highest quality, durable and easy to take to your favourite destination.

ABC has been developed over several years and through eliminating the need for screws in the outer body shell it is designed to virtually eliminate the threat of water ingress. We're so confident of its effectiveness, that every Coachman comes protected by our comprehensive 10-year water ingress warranty as standard (terms and conditions apply).

Visit [www.coachman.co.uk](http://www.coachman.co.uk) for more information.

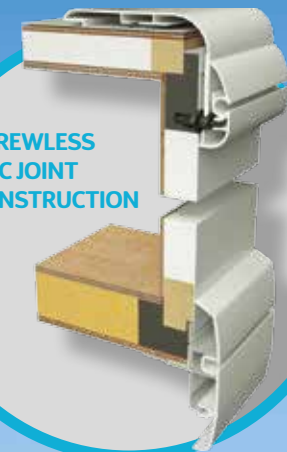

## STRONG & SEAMLESS

The strong and durable body frame is made up of a tough, Polyurethane (PU) material and we use the very latest production techniques which together are virtually impervious to water and have been proven through rigorous testing. Coupled with our traditional production methods and our keen attention to detail, every Coachman is made to stand the test of time.

### SCREWLESS ABC JOINT CONSTRUCTION

## RIGOROUSLY TESTED

Coachman meticulously quality check every caravan at several key stages throughout the design and manufacturing processes. Once the finished caravan rolls off the production line, every single one then undergoes comprehensive multi-point checks before the caravan can be released for delivery.

## WATER RESISTANT

Each Coachman is fully bonded using innovative materials, specialist adhesives and the very latest build techniques that together virtually eliminate the threat of water ingress.

## COMPETITIVE WEIGHTS

By constantly reviewing our design and manufacturing methods along with the materials and components that we use, we have been able to keep the weights of our caravans competitive without compromising on quality or durability.

## Affordable and versatile, the 2018 Vision is perfect for couples and families.

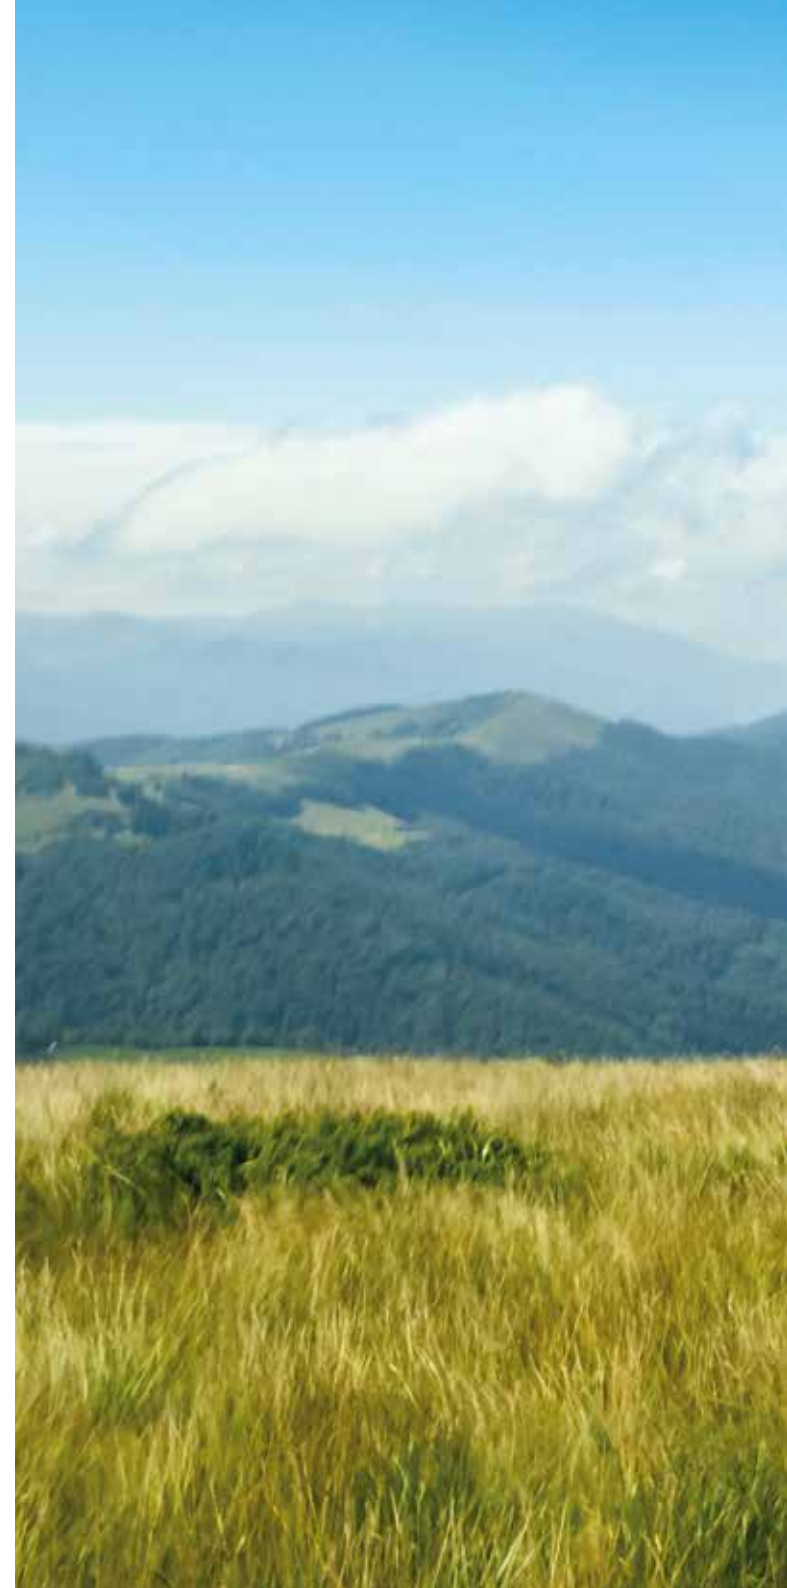

Whether you are a couple or a larger family looking for a caravan, the Vision is designed to be spacious, flexible and practical while still offering the comfort and luxury you expect from Coachman.

The well-planned interiors are packed with state-of-the-art features which offer all the comforts of home while you are enjoying your latest adventure together.

With layouts from two to five berths available, the Vision can accommodate families of all sizes. Plus, weights are competitive meaning that more cars than ever can now tow a Coachman.

You can relax knowing that there is no compromise on quality or comfort, letting you concentrate on making the most of your leisure time.

## The all new VIP – the ultimate in luxury, comfort and style.

The all new Coachman VIP is our flagship model range and is a luxurious home-from-home, packed with exclusive features that make it truly exceptional. All the layouts have been designed to create a range of caravans that are really special, combining a bold and vibrant exterior with a sumptuous interior.

With generously proportioned kitchens and well-planned living spaces, the VIP combines luxury, comfort and style. This season's VIP range sees the introduction of a new body shell, re-designed interiors and three twin axle models for those wanting the extra space. There are 9 layouts to choose from, each meticulously engineered to ensure it meets Coachman's exacting standards, including the new 570 layout which will appeal to families.

The VIP is a caravan that you'll enjoy spending time in; it is truly a special range that stands out from the crowd.

Visit [www.coachman.co.uk](http://www.coachman.co.uk) for more information.

## COACHMAN CARAVAN COMPANY LTD

Amsterdam Road  
Sutton Fields Industrial Estate  
Hull, HU7 0XF  
Email: [info@coachman.co.uk](mailto:info@coachman.co.uk)

[www.coachman.co.uk](http://www.coachman.co.uk)

This brochure has been designed to provide you with basic information prior to making a purchase decision. Please refer to your dealer for additional information before you buy.

Coachman Caravan Company Limited reserves the right to alter technical specifications, prices and model ranges as materials and conditions demand and can accept no responsibility for discrepancies between these and subsequent models. Household items illustrated in the brochure (e.g. fruit and personal effects) have been used to enhance photography and are not supplied with the caravan. Limitations in the printing process may mean colours are not truly represented.

It should be noted that distributors and dealers are not the agents of Coachman Caravan Company Limited and therefore are not authorised to bind the Company by any specific or implied undertaking or representation.

All Coachman models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice, specifically relating to health and safety issues.

The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions to gas, electrics and ventilation.

Every Coachman caravan carries the "NCC Approved Caravan" badge. The NCC also conducts unannounced inspections at the Coachman factory to ensure continued compliance. NCC Approval gives you peace of mind that your caravan is legal and safe.

As the owner of a Coachman caravan, you will be automatically entitled to join our Owners' Club. For more information about the Club, please contact: The Membership Officer, Coachman Owners' Club, 26 Peveril Bank, Telford, TF4 2BU.

Please note: Touring caravans are designated by the model year. The model year runs from the 1st September to the 31st August; for example a 2018 year model would have been despatched by the manufacturer no earlier than the 15th August, 2017.
